

The Libraries and You: Challenges & Opportunities

Sandra Yee
Dean, University Library System
Wayne State University

Carrie Croatt-Moore
Public Services Librarian
Science and Engineering Library
Wayne State University

Dean Sandra Yee of the Wayne State University Library System will present a summary of the current state of the library budget and how this may impact journal purchases in the Math department. We will demonstrate the library tools the Math department can use to obtain articles electronically that we do not own. Finally, we would like to obtain your feedback on the new Math LibGuide designed to aid in your scholarly research and teaching.
